
Sample Characteristics (proportions, unless otherwise indicated) (N = 1692)

Child Lost Health Insurance	.13
Child Characteristics	
Severe Infant Health Condition	.04
Male	.51
# Months Between Baseline and Follow-up (Age), mean	15.51
Mother's Health	
Pre-Pregnancy Physical Health Condition	.22
Pre-Pregnancy Diagnosed Mental Illness	.14
Father's Health & Health Insurance	
Self-Reported Suboptimal Health	.24
Depression (CES-D) Score, mean	1.33
Had Health Insurance from Last Employer	.39
Mother's Characteristics	
Age, mean	23.30
Age Squared	570.57
Less Than High School*	.47
High School Graduate	.34
Any College	.20
Worked in Past 2 years	.78
Non-Hispanic White*	.12
Non-Hispanic Black	.57
Hispanic	.28
Other Race/Ethnicity	.03
Number of Previous Pregnancies, mean	.76
Father's Characteristics	
Age Difference in Years (Father Minus Mother), mean	2.76
Different Race/Ethnicity Than Mother	.13
Less Educated Than Mother	.23
Served in the Military	.06
Employed at Baseline	.69
Did Not Complete Baseline Interview	.23
Family Structure and Relationships	
Parents Not Cohabiting at Baseline	.53
Father Visited in Hospital	.75
Knew Father at Least 12 Months	.79
Parents Have Other Children Together	.26
Mother has Children with Other Partner	.44
Father has Children with Other Partner	.41
Other Characteristics	
% Below Poverty in Mother's Census Tract, mean	.22
Mother (but not father) is an Immigrant	.05
Both Parents are Immigrants	.07
Only Father or Neither Parent is an Immigrant*	.88

*Reference category in regression analyses.

Probit Estimates of Child's Loss of Insurance (N = 1692)

	Coefficient (Standard Error) [Marginal Effect]
