*Author's calculation from data in Desrochers, Lenihan, and Wellman (2010), Figure A1.

Where:

NTU - total revenues from tuition and fees less institutional student aid that is applied to tuition

SLA - state and local government appropriations

FED - federal appropriations and federal, state, and local government grants and Contracts

AUX –Auxiliary Enterprises including hospitals, residence halls, food services, student health services, and intercollegiate athletics (if separately budgeted)

PRI - Private gifts and contracts and investment income from endowments and other assets that the institution holds for short-run or long-run purposes

(These revenue shares are all net of institutional student aid that is applied to tuition)
