Disclosure Statement: Damon Clark

I hereby declare that I have no relevant or material financial interests that relate to the research described in the paper, “The Long-Run Effects of Attending an Elite School: Evidence from the UK,” by D. Clark and E. Del Bono.

As per our data use agreements with the ONS, we provided advance copies of this manuscript to officials in the ONS for legally required confidential data disclosure review.

This project uses only de-identified data and received ethical approval from the Departmental Research Director of Institute of Social and Economic Research on behalf of the Faculty Ethics Committee of the University of Essex under Annex B (http://www.essex.ac.uk/reo/research_community/research_governance/ethics_in_research/guidance_for_departmental_research_directors/) and has received IRB approval from the University of California, Irvine.
