Do Employers Use Unemployment as a Sorting Criterion When Hiring? Evidence from a Field Experiment

Stefan Eriksson

The paper “Do Employers Use Unemployment as a Sorting Criterion When Hiring? Evidence from a Field Experiment” was written with financial support from the Swedish Research Council (grant to the project: Informal and formal search methods: A study on the importance of differences in search behavior between unemployed immigrants and natives).

The author declares that he has no other relevant or material financial interests that relate to the research described in this paper.
