Disclosure statement to paper entitled "The Effect of Growing Up in a High Crime Neighborhood on Criminal Behavior" by Anna Piil Damm and Christian Dustmann

I have received financial support for this project from Grant 24-03-0288 from the Danish Research Agency and the Norface program on migration.

This project uses Danish administrative register data owned by the Rockwool Foundation Research Unit. I was granted access to the data in 2006 when I co-authored a book entitled "En befolkning deler sig op?" published by the Rockwool Research Unit in 2006. The data arrangement involves a request for acknowledgment of collaboration with the Rockwool Foundation Research Unit in the "acknowledgments" footnote of the paper.

Yours sincerely,

Anna Piil Damm
